EZLIFT®

The E-Z LIFT Chain & Flight Conveyor is a medium duty conveyor designed to move packaged and rolled materials up 45 degree inclines.

Typical uses include:

- Shingles, shakes, cartons, building block, and tires

Features include:

- Two continuously revolving detachable chains, choice of lighter #32 chain or heavier #55 chain
- 4" high padded steel flights
- 7/8" O.D. high strength steel tubing frame
- Approximate 65 FPM constant chain speed
- Chain take-up adjustments
- Drive mounted at side of loading end
- For electric motor – direct drive speed reducer
- For gas engine – internal V-belt and roller chain reduction, and safety guards
- Operating, maintenance and safety instructions

Accessories:

- Electric motor or gas engine
- Start/Stop switch for electric motor
- Dolly and hitch assembly
- Tail-light assembly
- Portavator pads ahead of each flight with #55 chain

Options:

- Heavy duty #CA550 chain
- Curved flights to fit tire contour with #55 and #CA550 chains
